

WORKSHOP: Energy Management for Building Operators

Baltimore Gas and Electric, Howard Community College, and the Maryland Energy Administration are proud to be offering another **Energy Management for Building Operators** workshop. The workshop, facilitated by the International Building Operators Association, will focus on techniques that building operators can use to reduce energy consumption in commercial and industrial buildings.

Date: Wednesday, May 6, 2009

Time: 8 AM – 5 PM

Location: Charles I. Ecker Business Training Center
Gateway Building
6751 Columbia Gateway Drive
Columbia, MD 21046

Target Audience: Building operators, facility managers, and maintenance personnel

Cost: \$25/person (Continental breakfast and lunch will be provided).

Registration: Please register using the attached form from Howard Community College.

This workshop will cover the following topics:

- Motor Efficiency
- Lighting
- Refrigeration Energy Management
- HVAC Energy Management
- Insulation
- Electric Demand Reduction

Space is limited so please register as soon as possible. Registration closes on 04/29/2009.

If you have any questions about this training, please contact Jenn Gallicchio at 410-260-7542 or jgallicchio@energy.state.md.us. Questions concerning registration should be directed to Catalina Ruiz-Rojas at Howard Community College (410-772-4646).
